DuraVision® Plus coatings

For clear, hassle-free vision.

ZEISS DuraVision Plus

Everyday excellence with lasting durability

Clear vision begins with precision lenses—and lasts with the right protection. ZEISS DuraVision Plus coatings enhance clarity for crystal-clear vision and are designed to shield the lenses from everyday wear and tear.

Vision uninterrupted.

For whatever customers set their sights on.

- ✓ **High clarity for crystal-clear vision**
Reflections are minimized for sharp, clear vision in all situations.
- ✓ **Excellent durability and scratch resistance**
Protects lenses against the demands of everyday wear.
- ✓ **Outstanding smudge resistance**
Lenses stay cleaner and are quick and easy to wipe.

Built for clarity, engineered to last. Scientifically tested and proven.

Lenses face daily mechanical, environmental, and chemical stress.

All ZEISS DuraVision Plus coatings are carefully developed and rigorously tested to meet customer needs and withstand these daily challenges.

Enhanced with CleanGuard™ technology. Hassle-free maintenance, worry-free use.

CleanGuard™ uses advanced molecular surface chemistry to resist smudge adhesion and repel fine particles.

minimal effort.²

1 Measurements and calculations based on the ASR metric (Anti-Reflective Comparative Smudge Resistance) metric. Analyses for -2.0 dpt lenses by R&D, ZEISS Vision Care, DE 2026.

2 Lenses with ZEISS DuraVision Plus are up to three times faster to clean compared to DuraVision® lenses with previous generations of top-coat.

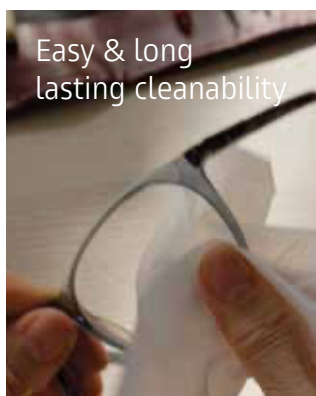

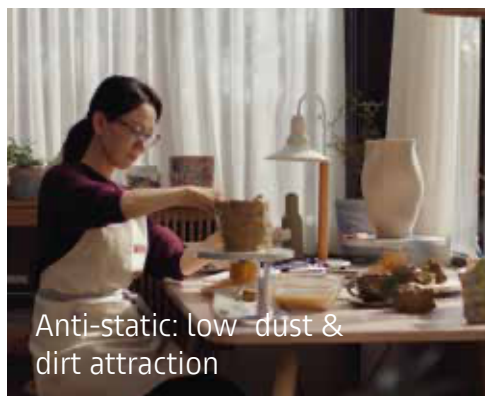

Designed for how you live.

Optimized for every moment.

The DuraVision® Plus portfolio from ZEISS presents a full suite of coatings, each carefully engineered for distinct visual and lifestyle needs.

Whether it's clarity in all lighting conditions, protection from glare, blue light, and UV, or lenses that make a subtle style statement, every detail is considered.

The result is lenses that feel as natural as your own eyes, supporting everything you do: from work and daily tasks to quiet moments and busy days, with clarity and comfort that adapts to you.

Introducing

ZEISS DuraVision Plus Coating Portfolio

Now standard with CleanGuard™ Technology.

ZEISS DuraVision Plus Chrome

- Clear vision
- Stays clean through-out the daily wear, and easy maintenance

ZEISS DuraVision Plus Platinum

- Very clear vision
- Stays clean through-out the daily wear, and easy maintenance
