

Seeing beyond

ZEISS

ZEISS ClearMind Individual 3

Experience truly personalised vision correction with the Individual 3 customisation level — crafted exclusively for your unique perspective.

See the world your way.

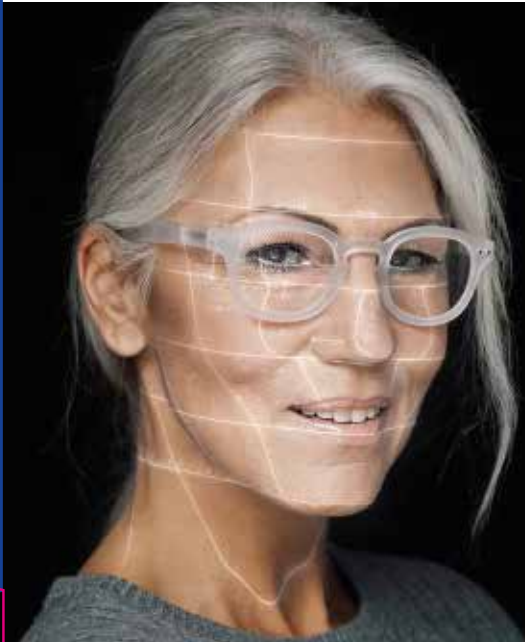

Lenses customized especially for your eyes.

Unlock the full potential of your vision with the **Individual 3 customization level** for ZEISS ClearMind lenses. We use ZEISS Intelligence Augmented Design technology to enhance your personal, anatomical and physiological data with **12.5 million data points** about real-life, age-related visual behaviour collected from by ZEISS Global Vision Study.*

Thoughtfully designed to suit your unique anatomy, specific vision needs and age-related visual behaviour, these lenses adapt perfectly to your favourite frames to deliver extremely clear vision and comfort.

Our partner eye care professionals use the latest ZEISS measuring technology to personalise the perfect ZEISS ClearMind lenses for you and your eyes.
